

TOEFL Score Waiver Form

I would like to request a waiver of the TOEFL score requirement because (select the option that best describes your situation):

- ☐ English is my first language. I will not need language accommodations during examinations.
- ☐ English is my second language but I have reached academic competence in English. I will not need language accommodations during examinations.
- ☐ Other. Please attach a letter explaining circumstances that make you eligible for a TOEFL waiver. Such circumstances may include factors such as that you have attended a US university for full time study for a minimum of one academic year, or that you earned a degree from a foreign university in which the primary language of instruction is English. This must be clearly documented in your official academic records.

Student Signature: _____ Date: _____

IMPORTANT NOTE: You may become ineligible for language accommodations on examinations based on the information provided in this TOEFL Score Waiver Form. Students for whom English is a second language in which they have not reached academic competence may petition for language accommodations during examinations. If the petition is granted, the language accommodations may include additional time on examinations, up to time-and-a-half, and/or the use of a translating dictionary.

Note, on the other hand, that submission of your TOEFL scores does not automatically grant you language accommodations on exams. Language accommodations may be granted to students who submit a timely petition for such language accommodations within the first 8 weeks of the semester, and who meet the stated criteria for language accommodations.
